Each story is a new life, I understood it after reading the book, named the novel by Daniel Keys - "Flowers for Algernon". The beauty of this book is simplicity and ease. The main character is the local idiot Charlie Gordon. Charlie has a fantastic desire to live and to learn.

The more you read this book, the more you realize how important it is to talk with other people, how sometimes it hurts to admit something to yourself. Charlie Gordon is open and cheerful, he begins to think that everyone else is strange, but he is normal.

In an experiment that will absolutely change his life, he meets many people and the mouse, who named Algernon.

The mouse at once seems unusual to Charlie, and they find the connection. When the experiment ~~succeeds~~ succeeded, Charlie becomes very very smart. Gordon gets what he wants. However, dreams come at price.

As a result, we understand that effect of the experiment is not been forever. Does the end had it all the means?

The book leaves behind the strange feelings. You change your mind about society and its size. There is only your decision and its consequences.

I advice everyone to read and you will not regret.

I want to write review about book "The Witcher". This book about witcher and his adventures. Witcher - professional monster hunter. The world of this book ~~is~~ full of magic, injustice, treachery, lie and cruelty, because author described a real middle age world in fantasy.

The plot of book aim to a lot of small stories, which combination in one big story. Name of the main hero is Geralt. Geralt - white hair and old man. ~~But~~ Also he has habit of control sword, and Geralt can use magic. He faster, stronger, adroitness and smarter than a typical human. All of this help him kill monsters.

Geralt have family. His family include black hair magician Yenifer and adopted daughter Triss. Triss want to become a witcher like her father. She was a princess in past. Also Triss can foretell future. Yenifer very strong magician, much stronger than Geralt. Yenifer and Triss help of Geralt find his intending and his place in the world.

This book compel to think about your life, about life of your parents, brothers, sisters and friends. Geralt is not kind, caring or saint. He kill people, lie his family and his friends. Name of the one friend of Geralt is Letho. He is very talented musician and grateful companion. Letho travel around world and play on stringed music instrument, but he very insolent and careless.

Which stories exceptional and include lesson of life. Also book teach us hope on friends.
